

Let a Tingle tickle your TASTEBUDS

Like a fizzing fruit lolly, the fruity flavours of the new Tingle series from designer Jason bird of Luxxbox will be sure to tickle your tastebuds.

The fun mix and match colours of the interior/exterior low seating and table series offers great flexibility to complement the interiors of any office, home or café.

The Tingle is made of 100% recyclable low density polyethylene and is available with either a soft pad insert or a hard tingle top for added height or contrast. A removable corian table top can be also added so you have somewhere to put your coffee.

The fruity range is solid but light and made to withstand mother natures various moods. Best of all, the small footprint and stacking ability means storage is no problem. So go ahead, mix and match and discover your favourite fruity flavours.

Materials: Polyethylene + Corian
